

Senior Management Consultants (m/w) Focus on Restructuring

MERITUS Business Advisors GmbH – Stuttgart

MERITUS is a top management consultancy specialized in corporate restructuring and profit improvement. We improve the profit situation of our clients – ranging from solid companies seeking higher rates of return, as far as restructuring cases facing serious liquidity problems. We work closely together with the management, shareholders and participating banks to set up thorough business models and fluent processes in order to improve crucial profit and loss positions as well as balance sheet items.

Field of Work

As a Senior Management Consultant, you will quickly be given responsibility and you will start in the consulting business from day one. Depending on your personal background you will assume suitable tasks and take the lead in projects. Be prepared for diverse and challenging work assignments and projects. Next to being a consultant, you can participate in the continuous further development of MERITUS Business Advisors. As an experienced Senior Management Consultant, you might also be given the chance to take an operational lead as Interim Manager at one of our customers.

Your Profile

- Honor degree in economics, business or similar studies
- 3-5 years relevant working experience in a renowned consultancy, or the like
- Depth of content – independent, structured and analytical working
- Assertiveness and high level of implementation competence
- High commitment, flexibility and readiness to travel

Our Proposition

- Top management consultancy with highly experienced experts
- Challenging restructuring and consulting projects
- Extensive network and deployment in renowned industrial companies
- Real entrepreneurship – Room for participation along with appreciation
- Steep career opportunities and structured personal growth
