

Senior Management Consultant (m/w/d) Focus on Restructuring

MERITUS Business Advisors GmbH – Stuttgart

MERITUS is a top management consultancy specialized in corporate restructuring and profit improvement. We improve the profit situation of our clients – ranging from solid companies seeking higher rates of return, as far as restructuring cases facing serious liquidity problems. We work closely together with the management, shareholders and participating banks to set up thorough business models and fluent processes in order to improve crucial profit and loss positions as well as balance sheet items.

Field of Work

As a Senior Management Consultant, you will quickly gain responsibility and enter the consulting business from the very beginning. Depending on your background you will take on suitable tasks or projects and manage them. Prepare yourself for diverse, challenging projects and tasks. In addition to working as a consultant, you are also asked to make valuable contributions to the continuous development of MERITUS Business Advisors. We also offer our experienced Senior Managers the opportunity to take on operational management positions as Interim Managers with our customers.

Your Profile

- Successful graduation of Economics, or similar
- 3-5 years relevant working experience in consulting, restructuring, or similar
- Depth of content - independent, structured and analytical work
- Enforcement and a high level of implementation competence
- Great commitment, flexibility and willingness to travel

Our Proposition

- Top Management Consultancy with long-standing, experienced experts
- Challenging restructuring/consulting projects at the customer
- Extensive network and deployment in renowned industrial companies
- Real entrepreneurship; participation with appreciation
- Steep career paths and structured personal development
